POOL CONDITIONING SYSTEM

- Easily Fitted
- No Plumbing
- No Maintenance
- No Chemicals

Whatever the size of pool, it costs time, labour and chemicals to ensure it is well maintained.

The Scalewatcher OLYMPIC is the latest, environmentally-friendly, award-winning innovation to help keep swimming pools clean and reduce maintenance costs.

Following installation:

- * Pool maintenance is reduced by up to 50 %.
- * Use of chlorine is reduced by around 35 %.
- * Scum deposits are removed from around the pool edge.
- * Steel fittings return to their former pristine condition.
- * Limescale is removed from within the swimming pool plant.
- * Stabilizers are no longer required to correct the pH balance.
- * Unit will pay for itself in under 2 years.
